## PRESSURE REGULATORS

CONFORMING TO IS 6901- 1981

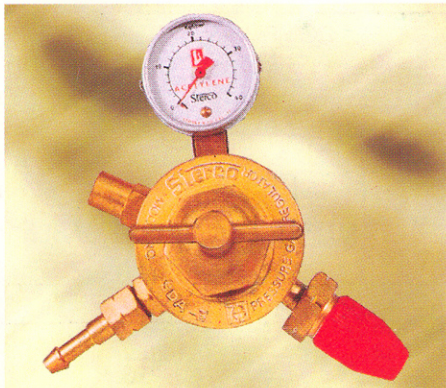

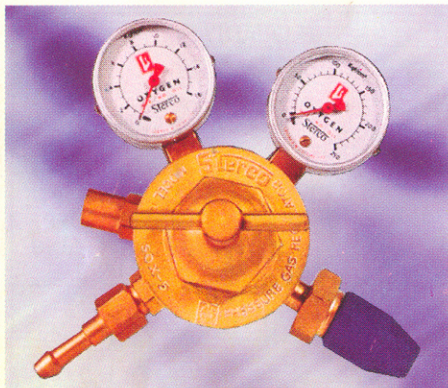

# Sterco

## Acetylene Regulators.

- SDA-6** - Two stage regulators with two gauge. Welding pressure 0-2.8 Kgf/cm<sup>2</sup>
- SDA-5** - Single stage Regulator with two gauge.
- SDA-3** - Single stage Regulator with single gauge.
- ECD-1** - Single stage Regulator with single gauge.

Outlet pressure gauge ranging from 0-2.8 Kgf / cm<sup>2</sup> and for cylinder content, gauge of pressure range 0-40 Kgf / cm<sup>2</sup> are incorporated on the Acetylene Regulators.

## Oxygen Regulators.

- SOX-6** - Two stage regulators with two gauge. Welding pressure 0-16 Kgf/cm<sup>2</sup>
- SOX-5** - Single stage Regulator with two gauge.
- SOX-3** - Single stage Regulator with single gauge.
- ECX-1** - Single stage Regulator with single gauge.

Outlet pressure gauge ranging from 0-16 Kgf / cm<sup>2</sup> and for cylinder content, gauge of pressure range 0-280 Kgf / cm<sup>2</sup> are incorporated on the OXYGEN Regulators.

### Our Other Product

- Gas Welding Torch.
- Cutting Torch.
- Nitrogen Regulator.
- Argon Regulator.
- Carbon Di-oxide (co<sub>2</sub>) Regulator.
- Hydrogen Regulator.
